GENERAL LAWS.

I. That the title of the Institution at Edgbaston shall be "THE BIRMINGHAM ROYAL INSTITUTION FOR THE BLIND," and that of the branch establishment at Harborne, "THE QUEEN ALEXANDRA KINDERGARTEN BRANCH."

II. That the object of the Institution shall be the instruction and employment of the blind of both sexes, some as boarders, others as day pupils: the instruction to include the daily reading of the Holy Scriptures, and all the employment to be of a useful character; and also the relief and assistance of the necessitous blind.

III. That the Institution shall be supported by Donations and Annual Subscriptions; by payments in behalf of the blind; and the profits arising from their industry.

IV. That the management of the Institution shall be entrusted to a Committee of not less than twelve Governors, together with the Chaplain (who shall be a clergyman of the Church of England), the Trustees, the Treasurer, and the Hon. Secretary, who shall be ex-officio members.

V. That all Annual Subscribers of one guinea and upwards, and all Donors of ten guineas and upwards shall be Governors.

VI. That there shall be an Annual General Meeting of the Governors on such day as the Committee may appoint, to be convened by advertisement at least fourteen days previously, for the purpose of receiving the report of the Committee, passing the accounts, appointing the Officers and Committee for the ensuing year, and for transacting the general business of the Institution.

VII. That at such Annual General Meeting, Subscribers of one guinea a year, and Donors of ten guineas, shall be

entitled to one vote, and every additional contribution of equal amount shall entitle to an additional vote. No Governor whose subscription is in arrear shall be entitled to vote.

VIII. That the Committee shall meet once in every month, or oftener if necessary, and that three shall form a quorum.

IX. That the Committee shall have power to appoint Trustees; to make, alter, or repeal bye-laws, rules, and regulations for the admission, employment, and removal of the pupils; appoint and remove all teachers and servants, and pay such salaries, wages, and allowances as they shall think reasonable; they shall also have power to appoint any of the Governors to be Visitors of the Institution, and shall also have the management and application of the property, funds, yearly and other income.

X. That no purchase of land or premises, or any material alterations or additions be made to any building (beyond necessary repairs) without the sanction of the next Annual or a Special General Meeting of the Governors, to be convened for that purpose.

XI. That the moneys of the Institution may be invested in any investment for the time being authorised or sanctioned by the Court of Chancery or any Act of Parliament as an investment for trust moneys, or in the Deventures of any Company in England, incorporated by Act of Parliament, and paying a Dividend, or upon the Security of any County, Borough, or other Rates, authorised to be levied and mortgaged by any Act of Parliament, or in the Purchase or on Mortgage of Real Estate.

XII. That the Committee shall be empowered to call General Meetings of the Governors for Special Purposes (when and as often as they shall think necessary), and shall also

be required to do so at any time on the request, in writing, of any ten Governors, stating the specific purpose of the said proposed Meeting; and ten days' notice, at least, of such Special General Meeting, and of the special object intended, shall be given, by public advertisement, in one or more of the Birmingham newspapers.

XIII. That there shall be family worship, including the reading of some portion of Holy Scripture, morning and evening, daily, in the Institution, at which all the boarders shall be required to be present. The prayers and portions of Holy Scripture to be read shall be appointed by the Chaplain, to whom the general regulation of the religious instruction of the pupils shall be confided.

XIV. That on the Lord's Day the pupils shall attend Public Worship of the Church of England twice, under the care of the Superintendent; but if any are Dissenters, they may on proper application to the Committee, be permitted to attend their respective places of worship, provided that they are under the charge of some person appointed by their parents or guardians, with the approbation of the Committee.

XV. That any sick inmate, being a Dissenter, may, at his or her request, be visited by a Minister of his or her own denomination.

XVI. That no alteration of these laws shall be made at any Annual or Special General Meeting without the approbation of a majority, consisting of at least two-thirds of the Governors then present; nor without notice of the intention to propose such alterations having been given to the Committee one month previously, and that it shall be announced by them in the advertisement calling such Annual or Special Meeting.

PREVENTION OF BLINDNESS.

ADVICE TO MOTHERS AND NURSES.

It cannot be too widely made known that many persons are blinded every year by diseases which are preventable and curable. The most destructive of these diseases is the *Ophthalmia of new-born infants*. Nearly one-third* of the present inmates of this Institution owe their blindness to this cause, and the same high proportion has been found in other schools for the Blind. It is not too much to say that in nearly all these cases the eyesight might have been saved by proper treatment at the commencement of the disease. The disaster usually arises through ignorance of the danger and consequent delay in obtaining medical treatment.

This form of Ophthalmia is due to the infection of the baby's eyes with irritating matter during or very soon after birth. About the third day after birth—sometimes earlier, sometimes a little later—the child's eyelids become red and swollen, and begin to discharge yellow matter. *This is the sign of danger*. Skilled medical advice should be obtained without a day's delay, and in the meantime the baby's eyes should be thoroughly and frequently cleansed in the following way :—

Place the baby on its back, with a cloth under its head ; separate the eyelids gently with the thumb and finger, and with a bit of soft, clean rag drip warm water freely into the eyes, so as to wash away the matter as thoroughly as possible. Work the lids about gently over the eyes so as to bring the

* In 1911 the percentage was 32·7%

matter out from underneath them, and do not be content till you have got it all away. Repeat this in a bad case, at least every hour through the day, and every two hours through the night. In addition to this the drops or solution ordered by the medical man must be regularly and carefully used according to his directions. If this treatment be begun at once the eyes will probably be out of danger in a few days. If it be neglected they may be permanently blinded within a fortnight.

Caution.—The discharge is very catching. Be most careful that no particle of it finds its way to your own eyes. Burn every bit of rag after you have used it, and wash your hands thoroughly.

In Maternity Hospitals and similar Institutions for the help of Women of the poorer classes, this disease was formerly very common. It has now been almost banished from such Institutions by the routine practice of dropping into the eyes of every infant, immediately after birth, one drop of a 2 per cent. solution of nitrate of silver. The non-infected infants are not injured in any way thereby, while the infected ones are saved from possible disaster. The general adoption of this practice, especially among the poorer classes, would undoubtedly diminish the number of persons blinded from birth to a very considerable extent.

PRIESTLEY SMITH,

Ophthalmic Surgeon to the Institution.

THE
Sixty-Fourth Annual General Meeting
 OF THE
Governors of the Institution,
 WAS HELD AT
The Council House, Birmingham,

On Tuesday, the 27th June, 1911, at 12 o'clock noon.

Resolved—VI. "That Mr. Rowland Waddington Scurrah, Chartered Accountant, be re-elected Hon. Auditor for the current year."

Moved by the CHAIRMAN, seconded by EDWARD M. GOODMAN, and

Resolved—VII. "That the best thanks of this Meeting be given to the Subscribers and Donors for their kind contributions; to the Collectors of the Adult Blind Home Teaching Branch; and to all those who have aided the Institution by gifts of various kinds during the past year."

Moved by ARTHUR L. LOWE, seconded by CUMING BUTLER, and

Resolved—VIII. "That the most cordial thanks of this Meeting be given to F. H. Anstruther-Gough-Calthorpe, Esq., for his kindness in presiding on the present occasion."

By order of the Governors,

ARTHUR L. LOWE, *Chairman of Committee.*

G. H. CUMING BUTLER, *Hon. Secretary.*

Tuesday, 27th June, 1911.

SIXTY-FOURTH ANNUAL REPORT.

IN presenting to the Governors the 64th Annual Report, your Committee are pleased to be able to record another year of progress.

Royal Patronage. Your Committee are very gratified to be able to report that King George has been graciously pleased to become Patron of the Institution, in succession to the late King Edward VII.

Obituary. It was with very great regret that your Committee heard of the death of their President, Lord Calthorpe, who had served in that capacity for a period of about seventeen years, and had rendered most valuable assistance to the Institution.

The news of the death of Mr. George Edwards was also received with very deep sorrow. Mr. Edwards had been a member of the Committee for very many years, and always displayed a keen interest in matters affecting the Blind.

The death of Mr. Burkinshaw, who at one time served as Secretary to the Institution, took place in June last, much to the regret of all who knew him. He was an old and esteemed member of the Staff, and his loss will be severely felt.

Numbers Benefited. The following table shows the number of blind persons who received benefit from the Institution during the year, and also the corresponding figures for the previous year :—

Health. The health of the pupils at the Royal Institution has been very satisfactory.

The outbreak of ringworm among the children at the Kindergarten, to which reference was made in last year's Report, has caused your Committee considerable anxiety, but it is now believed that no further trouble will be experienced from this direction.

Between Christmas and Easter there were nine children of the Kindergarten isolated with measles, and eight were removed with scarlet fever. It should be borne in mind, however, that the Kindergarten children are of an age when the majority of children suffer from such diseases. All the children have made complete recoveries.

It is with deep regret that your Committee have to report the death of Alec Cresswell, a pupil at the Kindergarten, who succumbed to a severe attack of pneumonia in December.

Education and Training.

The influx of the day scholars particularly referred to in the next paragraph, caused your Committee some anxiety as to the best methods of meeting the educational needs of those having a considerable measure of sight, and although there have been several changes in the Teaching Staff during the year, the high standard of efficiency in regard to the education and training of the pupils has been maintained.

Dr. Eichholz, H.M. Inspector of Special Schools, has visited both institutions, and his report is as follows :—

- (1) The Senior School has undergone serious changes during the past year, owing to the influx of a large number of partially sighted children sent by the Birmingham Education Committee. It is important that the school work should be so arranged as to provide for the whole of the children resident and day as a single organization. A new scheme of work should be submitted, showing the subjects of instruction to be provided, and the methods of teaching to be applied. The Staff includes a number of new teachers. It is necessary that they should realize the need of special effort to make the work interesting and attractive to a class of children who are by their affliction cut off from most of the legitimate pleasures of childhood. The excellent arrangements at the Kindergarten School at Harborne provide for this in the school room, the schemes for Physical education and Manual Instruction, the playground and the gardens. A continuance of the same spirit should be encouraged at Edgbaston.
- (2) On the day of inspection, Mr. Robinson was teaching a class of 22 children. Steps should be taken to prevent this irregularity in future.
- (3) The workshops in which school children receive instruction in manual work should be partitioned so as to separate pupils under sixteen from pupils and workers over that age.

A time table and a syllabus of the school work of each department are printed in a separate document, and copies may be had on application to the Secretary.

Day Scholars. In the Annual Report of last year, reference was made to an enquiry from the Birmingham Education Committee with regard to the admission of partially sighted day pupils. This enquiry has resulted in 52 scholars being admitted during the past year; the number is rather more than anticipated at the time the proposal was made, but it is not thought that the average attendance will exceed forty—the number approved by the Board of Education. The first batch of these children was admitted at the end of October, and so far the experiment has proved to be extremely satisfactory.

The instruction imparted to the day scholars is chiefly on the oral system, and the children remain at the Institution for the mid-day meal.

It is hoped to transfer to ordinary schools a number of these children after they have received instruction at the Institution for a period of about two years, the object being by resting the eyes of the children as much as possible to improve and in some instances to save their sight.

The scholars referred to have one or more of the following defects :—Congenital, Progressive Myopia, Corneal Opacities and Acute Keratitis.

Shorthand

and

Typewriting.

During the year there have been several meetings of a Special Committee under the auspices of the British and Foreign Blind Association, consisting of Mr. H. Black (of the Royal Normal College for the Blind), Miss H. C. Russell (of Norwood), and Mr. M. Myers (who serves on the Staff of this Institution), for the purpose of improving the system of Embossed Shorthand for the Blind which has been in use hitherto. This Revised Shorthand System has now been published by the British and Foreign Blind Association, and will be the means of enabling blind stenographers to write with greater fluency.

Evening

Classes.

Another experiment has been tried during the winter months by establishing Evening Classes for pupils over 16 years of age. These classes which began at the end of September, met on Tuesdays, Thursdays, and Fridays, and terminated at the end of March. The results have been quite satisfactory. The syllabus of instruction was as follows :—

Arithmetic.

Literature (Simple course of Standard Authors, and Monthly Debates).

Commercial and Newspaper Geography.

Physical Exercises (including Gymnastics).

British Constitutional History.

English (including Braille writing and reading, and Composition).

Typewriting.

General Elementary Science.

The numbers of pupils attending the classes were 20 males and 16 females.

The Committee wish to take this opportunity of expressing their thanks to the General Superintendent and Secretary, who originated these classes, and to the Head Teachers who have conducted them with Mr. Thurman, for the enthusiastic manner with which they have undertaken and carried out a rather arduous duty.

Prevention of Infantile Blindness.

Your Committee have given very careful consideration to this subject, and at the December Meeting of the General Committee the Chairman moved the following resolutions, which were unanimously passed :—

- (a) "That in the opinion of this Committee the disease known as Ophthalmia Neonatorum—that is, inflammation of the eyes in new-born children—should be added to the list of diseases compulsorily notifiable under the powers of the Infectious Diseases (Notification) Act, 1889."
- (b) "That a copy of the above resolution be sent to Dr. Robertson, the Medical Officer of Health of the City, with a request that he would lay the same before the Health Committee, with a view, if the Committee approved, to the necessary steps being taken to carry the same into effect,

Bearing in mind the fact that from 30 % to 40 % of the blind children sent to Institutions have lost their sight through this terrible disease, it is very gratifying to be able to report that the Birmingham City Council approved of the suggestion contained in the above Resolution, and that the disease is a now compulsorily notifiable one under the Act within the city boundary.

**Boys'
Playground
at the
Kindergarten.**

In order to commemorate the visit of the late King Edward and Queen Alexandra to this city, when Royal Patronage was graciously bestowed upon the Institution, it was decided in June last to pave the Boys' Playground at the Kindergarten with asphalt, at a cost of £96. The whole of this amount was collected privately, so that no part of the cost had to be met from the funds of the Institution.

Your Committee desire to specially thank the donors for their generosity in this connection.

**Gardner's Trust
for the Blind.**

The assistance given to this Institution by Gardner's Trust for the Blind, London, is once more very gratefully acknowledged. The scholarships awarded during the year by the Gardner's Trust are very greatly appreciated.

Resignation.

It was with regret that your Committee received the resignation of Mrs. Brougham on her leaving Harborne, who served as a member of the Kindergarten Committee since it was first established.

Mrs. Philip B. Chatwin has been appointed to fill the vacancy.

**Changes in
Staff.**

In July last the Head Master, Mr. Howard Cash, resigned his position to take a post on the staff of a Secondary School at Grimsby, and the Committee appointed Mr. Sydney Robinson (the First Assistant Master), to fill the vacancy.

The Matron, Miss Osler, also resigned her position in September, and in October, Miss Bartlett—who had served with much efficiency as Head Mistress—was appointed Matron. The position of Head Mistress which thus became vacant has been filled by the appointment of Miss L. Stannay.

It has been necessary to strengthen the Teaching Staff by appointing an additional Assistant Master, and also another Assistant Mistress, in consequence of the admission of Day Scholars.

**Lady Members
of Committee.**

Your Committee report with much pleasure that Mrs. E. C. Keay, Mrs. Arthur L. Lowe, and Mrs. William Tangye have been appointed members of the General Committee.

A Committee has also been formed, consisting of the ladies serving on the Kindergarten Committee, to confer with the Matron of the Kindergarten Branch from time to time on all domestic matters.

Structural and other Alterations. A new window has been placed in the Boys' Schoolroom, and also a new partition in both schools. These alterations were necessary before the Board of Education would approve of the admission of day scholars.

It has also been necessary to incur expenditure at the Kindergarten Branch in regard to the Heating Apparatus for the domestic quarters.

Adult Blind. The records at the Institution show that 408 blind persons were visited during the year, as compared with 400 for the previous year, and there have been 32 deaths.

The following pensions were obtained during the year through the medium of this Institution :—

Hetherington's Charity	£10 per annum	1
Painter-Stainers' Charity	£10 "	2
Royal Blind Society	£9 "	1
" "	£6 "	1
Clothworkers' Charity	£5 "	1

Sixteen of the Adult Blind obtained the Government Old Age Pension of 5/- per week, and two had their pensions increased from £6 to £10 per annum by the Society for granting Annuities to the Poor Adult Blind.

Of the new cases discovered, the following may be mentioned :—

A.B.—A man 60 years of age, who had been employed in the engineering trade. Before he lost his sight was very fond of reading. After a few lessons he learned the embossed characters, and the pleasure he derives from the books which are regularly carried to him by the Adult Blind Visitor is very great.

C.D.—A married woman with a large family of young children, who lately lost both her sight and her hearing, and was consequently shut off from the world. The Adult Blind Visitor is teaching her the manual alphabet, and she is making good pro-

gress with her reading in the embossed type. She looks forward to the visits of the Teacher with very great pleasure.

The Annual Tea Party was held at the Institution on July 19th, and was followed by a very successful entertainment.

Among those who died during the year, several were visited for more than twenty years, and frequently expressed their gratitude for the visits and the loan of the books.

The Christmas gifts of clothing to the Adult Blind have been much appreciated by the recipients.

During the year the usual entertain-
Entertainments. ments have been given at the Institution, consisting of a lantern lecture, concert, gymnastic display, and inspection of workshops. By these means the features of the work carried on at the Institution are brought before the public, who exhibit their practical sympathy by purchasing goods made by the Blind.

Your Superintendent has also visited Oxford, and various philanthropic Institutions in this city for the purpose of giving lantern lectures on the work among the Blind, in which he emphasized the importance of "after-care," and also of the prevention of infantile blindness. No less than 9,000 people have listened to these lectures during the year, and your committee feel quite sure that this is an excellent way of educating public opinion in regard to matters appertaining to the Blind.

The advantages derived from this

During the year no less than 36 beneficiaries were assisted by grants, machines, tools, materials, etc., to enable them to make a good start in life on the completion of their training.

The pensions awarded during the pre-
Henry vious year have been continued, viz.:—
Stainsby one to a single woman residing at Poles-

 Stratford-on-Avon. It is true these pen-
 sions are small, being only £6 10s. 0d. per annum each, but

it is impossible to extend the benefits of the fund until the capital increases sufficiently. The Pensions are paid monthly.

Your Committee very earnestly appeal to the public to support this Fund.

Music. This department continues in very able hands. The following summary of results of examinations in pianoforte playing, held in July and December under the auspices of the Incorporated Society of Musicians, will show the successes achieved :—

Your Committee have pleasure in stating that they are in a position to supply a few Organists capable of taking Sunday Services at short notice, and cordially invite applications from the clergy and organists in the city and district.

After-Care. The following table shows the number of resident children admitted into the Institution at the instance of the Birmingham Education Committee since January 1st, 1894, and also the number employed at the Institution or the causes of leaving :—

The 23 pupils employed (see Nos. 2, 3, and 4), earn on an average 15/3 per week for males, and 10/8 per week for females.

Day Pupils are not included in these figures.

The Institution is affiliated with the Midland Counties' Union of Societies and Institutions for the Blind, and is represented on the Executive by the Chairman of the General Committee and the General Superintendent and Secretary.

At the Annual Meeting of the Midland Counties' Union, held at Nottingham in January, the President, His Grace the Duke of Portland, moved a similar resolution to the one which was passed by your Committee in December, with reference to the prevention of infantile blindness; this was unanimously passed, and a copy of the same has been forwarded to all Medical Officers of Health and Clerks of Boards of Guardians in the area of the Midland Counties' Union, excepting those districts where notification has already been made compulsory.

No less than twenty-nine visitors have been appointed in the County of Buckingham, and a good start has also been made in the County of Warwick. In Oxfordshire there exists an excellent organisation of work, as well as in the City of Oxford. It is the intention of the Executive to organise the Counties of Worcester, Leicester, and Northampton as early as possible, and these Counties will be followed by Derby, Stafford, Nottingham, and Hereford.

The progress, although necessarily slow in the country districts, has nevertheless proved to be satisfactory.

The following particulars are given to show that the Committee are very anxious to do what they can for Pupils on leaving the Institution :—

"C.B." was trained as a piano-tuner and repairer. On the completion of his training he was supplied with a parchment certificate proving that he was a competent worker, also with a complete outfit of tools, materials, and clothes. The General Superintendent and Secretary visited the Secretary of the Education Committee for the city in which the youth lived, and was instrumental in securing work as a start by the tuning of more than half the pianos in the schools of the city."

Appreciative Letters from Parents. It is customary for your Committee to receive letters of thanks from parents of pupils, couched in very grateful terms and bearing upon the progress made while their children have been pupils.

Two instances are given below :—

"Dear Sir,

August 26th, 1910.

I hardly know how to begin this letter, or how to express our thanks to you and your excellent staff of teachers for the remarkable manner in which our lad has been taught in the short time he has been a pupil in your Institution. He has astonished the people in and around B—— by his wonderful reading and writing. In three different places of worship he has read the lessons out of his Braille Bible, and the way he delivers his words is astonishing to everyone who has heard him. A friend of mine came over to him ; this friend is a piano-tuner, and he asked the boy a number of questions concerning the piano, which I am pleased to say he was able to answer ; my friend told me the lad must have received remarkable teaching to have learnt all he knew in so short a time. Not only is his learning remarkable, but his nature seems to have undergone an entire change. He is quite a refined lad since he became a pupil in your Institution, which means a great deal to us and a great credit to your excellent teaching. Our lad has told us how everything is done to make the pupils happy ; kindness is shown to them by everyone in the Institution. . . . We bless the day when your Committee elected our lad a pupil of your Institution. . . .

Yours respectfully."

"Dear Sir,

August 9th, 1910.

I am sure both their father and myself are most satisfied with the children. I know that they have both improved in health and got on splendidly with their learning, more so L——. P—— speaks very highly of her school, and if I had means it would give me great pleasure to help you and your Institution, because of the good work done there."

(It will be gathered that the writer has two blind children, both of whom are pupils at the Institution.)

Legacies. Legacies have been received during the year amounting to the sum of £5,280 14s. 4d., which your Committee most gratefully acknowledge. A full list will be found on page --.

Benefactions. Your Committee are very mindful of the financial assistance given by various donors and subscribers to this Institution, and they desire to express their very great appreciation of the generosity displayed from time to time. They also desire to sincerely thank all who have given presents of various kinds to the Institution, and the gentlemen who have kindly assisted with lectures, and the Wednesday evening services.

Finance. The amount subscribed to the General Fund during the year shows a slight increase compared with the figures for the previous year. The amount paid to the Blind employed by the Committee in regard to wages, salaries and allowances, was £5,920, being an increase of £78 over any year.

In view of the deficiencies as shown in all the accounts of the Institution, your Committee again appeal for new subscriptions to the General Fund, The Queen Alexandra Kindergarten Branch, and to the Adult Blind Branch.

Trade. The sales in the Trading Department amounted to £14,052, showing an increase of £1,673 over any year.

The wages paid to the blind workers, exclusive of augmentation, amounted to £3,549, an increase of £302. These figures speak eloquently of the usefulness of the Trading Department as a means of benefiting the Blind, and it is felt to be most desirable that this department of the work of the Institution should continue to advance. Your Committee most gratefully acknowledge the practical

sympathy exhibited by the sighted workpeople and employers of labour in the city and district in regard to the subscriptions and donations to the Blind Workers' Wage-Augmentation Fund.

Although the sales so considerably increased, the close of the year found the Trading Department burdened with a very heavy stock of goods. On this account your Committee venture to appeal most earnestly for an increase of orders for goods made by the Blind.

It is to be regretted that the Trading Account shows an adverse balance of £450. Of this deficiency £150 results from the readjustment of stock values as referred to in last year's report, the stock having been taken this year at actual prime cost. The whole of the working expenses in connection with the Trading Department have been charged to the Trading Account, and these are £250 more than last year, when only a portion of the working expenses were charged.

The following figures give the number of workers employed at the Institution during the year, also those for the previous year :—

			<i>Males.</i>	<i>Females.</i>	<i>Total</i>
This year	94	35	129
Last year	90	33	123

As stated in last year's Report, a Sick Club has been established in connection with the workers engaged in the shops controlled by the Committee. The special rules prepared for the working of the Club have been in operation for a period of twelve months ended March 31st, 1911, and at the Annual Meeting held in December, 1910, a bonus amounting to £23 18s. 1d. was distributed among the members. Under the rules of the Sick Club, the Committee of the Institution contribute weekly to the funds of the Club, out of the general funds of the Institution, the same amount as that contributed by the workers. No less than 112 workers are members of the Club.

In conclusion, your Committee desire to express their deep sense of gratitude to Almighty God for many years of effective work in connection with this Institution, and they confidently look forward to a renewal of the Divine support which has ever attended their efforts in all that they have undertaken for the cause of the Blind.

By Order of the Committee,

ARTHUR L. LOWE, *Chairman.*

G. H. CUMING BUTLER, *Hon. Sec.*

The Committee again wish to call attention to the article on Ophthalmia at birth by

Dr. PRIESTLEY SMITH,

and to the statistical Analysis by

Dr. J. JAMESON EVANS,

of the causes of blindness in the pupils of the Institution, on pages 18, 19 and 109 of this Report.

They earnestly ask subscribers to do everything in their power to help in stamping out this preventable cause of blindness.

The following Form of Bequest is recommended to those who may be desirous of assisting this Institution —

I bequeath to the TREASURER (for the time being) of "THE BIRMINGHAM ROYAL INSTITUTION FOR THE BLIND," whose receipt shall be an effectual discharge for the same, the sum of
£ *free of duty,*
to be applied to the purposes of that Institution.

NOTE.—Lands, tenements, and hereditaments can be devised to and for the benefit of Charities, and also charged with the payment of Legacies, together with money secured upon mortgages, upon whatever property secured.
